

Martin Luther King – MPs

Discussion with C Clifford re Playground – 6.12.22

1. KS1 to continue to use the Rainbow area
2. KS2 children are older so the equipment may be damaged – plan is for them to use the tables to have a “quiet” area - reading etc.
3. Football is now mainly in the MUGA so more space in playground
4. Children now use both sides of playground so have more space
5. KS1 lunchtime – toilets are now shut so not such a mess in corridor
6. Swings and equipment that children wanted – not possible atm as very expensive and wouldn't be safe as not enough room around them. The MUGA cost £66,000 – this shows how expensive things are. We don't have the money right now
7. Clock for field – will continue to look into this.
8. Shade in playground – this is needed but how could we do this? Any ideas?
9. Playground friends – now up and running. MPs and counsellors to advertise this.

MP's actions:

1. MPs to check water fountains – draw map of playground & indicate which ones work.
2. MPs to monitor gym equipment on the playground
3. MPs to speak to Mr Morris regarding painting the benches
4. Mr Mitchell's group in playground – MPs to find out who can join? Could children have passes?
5. MPs will meet with Mandy (playleader) and look at the equipment we already have. What else is needed? MPs to look at buying equipment – hoops etc. They have a £300 budget – this money came from some of the money raised from the fun run.
6. MPs to make sure new equipment is looked after – counted in and out etc
